THE WORLD OF LISTENING

SD MP3 

Reaches far beyond...

MMC-96i Product Description

iOctopus MMC-96i - Remote Interactive iPod w/ USB/SD WMA/MP3 Playback

Sangean's "new" iOctopus MMC-96i is a Multi-Function Remote Interactive iPod w/ USB/SD WMA/MP3 Playback, which expands the possibilities for enjoying your iPod's music and transforms your listening experience. The iOctopus MMC-96i can also be used with all amplified speaker systems and other products with a 3.5mm stereo line output. You can play and control your iPod through the iOctopus full-function 8 button system and through the supplied infrared remote control; while it's docked you can listen to your iPod music while it receives a charge as well. So, it's ready to go when you are. No need to buy an optional iPod cradle, the iOctopus MMC-96i comes with the built-in iPod cradle.

Look no further the iOctopus MMC-96i is the only remote interactive iPod dock that has LCD display with full panel keyboard feature, which is easy to navigate and control your iPod.

- The iOctopus MMC-96i has unparalleled versatility, easily fitting to any iPod. The dock adjuster dial moves the sliding dock backwards or forward to fit any size of iPod perfectly no need to buy an optional iPod cradle.

 **iOctopus**
